

Western Safety

First Aid • Fire • Safety Equipment

Western Safety Products Ltd. is committed to being your partner in Occupational Health & Safety by serving your Personal Protection Equipment and First Aid needs.

Providing a safe work environment and preparing for medical emergencies is challenging. The job is made tougher as your company strives to meet government safety standards, and keep up-to-date with the new policies and guidelines. Tackling the task yourself is an option:

- Inventory your safety supply stock regularly
- Verify your first aid kits are always properly stocked
- Find a supplier
- Order what you need each time
- Wait for the supplies to arrive
- Replenish once it does arrive

As you're doing all this you may wonder,

- "Am I ordering the right first aid supplies?"
- What if an emergency arises and I don't have the right stuff?
- Are my employees using the right safety gear?
- Are they properly protected for the job they're doing?

If you ever find yourself asking these questions, Western Safety can help. For local service, contact our office and ask for your sales representative's personal cell phone number. With our fleet of fully stocked first aid and safety service vans, our sales representatives come to you to service all your safety and first aid needs. They will find the answers for you to make sure you have the proper equipment. We have the resources and training to help you make informed decisions about your safety and first aid requirements.

For out-of-town service, call our toll free number 1-800-665-5244 to reach our inside sales and service staff. They, too, will serve your needs and help you with your purchasing decisions to ensure your properly supplied, stocked, and kept safe.
