

Specialty Diploma Programs 2017

Students who successfully complete the course will receive a CSLI Diploma. The Diploma programs are 4-week, half-day courses. Students are required to attend the entire 4 weeks and present the final project or pass the final exam in order to receive the diploma. Only students registered for the Super Intensive Program will be eligible for the Specialty Diploma courses. The schedule will consist of Practical English classes in the morning, followed by the Diploma course in the afternoon. Eligibility is also based on enrolment and English level. These popular courses fill up quickly, so sign up early! There is no additional cost for CSLI Diploma Programs.

Specialty Diploma Program

English for Effective Communication (EEC)

This course focuses on

- + Interpersonal Communication
- + Active Listening
- + Leading a Group Discussion
- + Public Speaking and Debating

This class is intended to help participants improve their **fluency** and gain **confidence** in **public speaking**.

Whether you are responsible for teaching new skills, managing a project, leading a team or demonstrating a product, this course will develop the skills you need to feel confident using English in your professional life.

Students have numerous opportunities to practice **speaking** and **debating** in English, improve their **pronunciation**, **fluency** and **active listening skills**, as well as gain valuable insight into the best ways of interacting with others successfully.

Listening & Accent Reduction

This course focuses on

- + Accent Reduction
- + Speaking Accuracy
- + Vocabulary Building
- + Phonetic Symbols and Sounds

This class helps students with **accent reduction**, **clear speaking**, and **listening comprehension**, thereby improving their overall communication skills. It is an intensive program that uses a variety of pronunciation and listening exercises to help students reduce their accents and improve discrete listening skills.

Through interactive pronunciation exercises, students practice creating the correct sounds and discover ways to improve their ability to speak English clearly with a more natural pace and flow. This class also includes **vocabulary building** and **dictation activities**, so students can achieve increased listening comprehension skills.

Business English

This course focuses on

- + Cover Letter and Resumes
- + Communication Skills
- + English Fluency
- + Business Vocabulary Building

The objective of this in-demand 4-week program is to give students a “hands on” opportunity to develop all the skills needed for any business situation. A wide range of activities, including **dialogues**, **exercises**, and **role-plays**, is used throughout the program to encourage communication among students. The curriculum is designed to improve **technical grammar** as well as overall **business vocabulary**.

This diploma curriculum builds on a student’s previous education and experience, giving greater insight into business from an international perspective. Students will increase their confidence to communicate effectively in English at school, with coworkers and supervisors, and with foreign business partners.
