Featuring Tempstar®
SmartComfort™ Systems

Here are Home Comfort System recommendations for your consideration...

New unit if compressor, coil or heat exchanger fails within the No-Hassle coverage period. Some restrictions apply. See complete published warranty for details.

We offer financing from...

DEBIT

It's all about choices! The home comfort system is an important, essential system in your home. The choices you make today in selecting a system, and choosing the company that will design and install it, will help enhance your family's comfort, well-being and enjoyment of your home.

Platinum

SmartComfort™ VS 90

VARIABLE SPEED TWO-STAGE GAS FURNACE

92.1% AFUE efficiency

- Two-stage system operates at low heat most of the time and automatically ramps up to higher heat production if the temperature drops
- Variable speed circulation blower runs quietly and saves up to 50% in electricity over a conventional motor
- Lifetime limited warranty* on heat exchanger and 7-year limited warranty* on all other parts

SmartComfort™ 5400 SX

14 SEER AIR CONDITIONER

Energy saving 14 SEER can help you save on summer cooling costs

- Environmentally sound R410A refrigerant
- Two-speed outdoor fan motor reduces noise by running at low speed for ultra-quiet operation
- 10-year limited warranty* on scroll compressor and 5-year limited warranty* on all other parts

Air Quality Management

ELECTRONIC AIR CLEANER

- High efficiency filtration helps reduce levels of airborne particles such as bacteria, pollen and dust that pass through the system
- Captures the smallest particles – down to .01 microns in size – that can stain walls, draperies, etc.

FAN POWERED HUMIDIFIER

- Adds moisture to dry, indoor air
- Helps prevent furniture and woodwork from drying and cracking
- Up to 18 gallons of water a day are evaporated into the air
- During the colder months, humidified air provides a more comfortable environment at a lower temperature setting – so you can turn down your thermostat and save money on energy costs

*See published warranty certificate for details.

Gold

SmartComfort™ VS 80

TWO-STAGE GAS FURNACE WITH
VARIABLE SPEED BLOWER

80% AFUE efficiency

- Two-stage system operates at low heat most of the time and automatically ramps up to higher heat production if the temperature drops
- Variable speed circulation blower runs quietly and saves up to 50% in electricity over a conventional motor
- 25-year limited warranty* on heat exchanger and 7-year limited warranty* on all other parts

Air Quality Management

MEDIA AIR CLEANER

- Traps a significant amount of the airborne particles such as pollen and dust that pass through the system
- Much more efficient than a standard 1" furnace filter
- Easy access to change the filter

FAN POWERED HUMIDIFIER

- Adds moisture to dry, indoor air
- Helps prevent furniture and woodwork from drying and cracking
- Up to 18 gallons of water a day are evaporated into the air
- During the colder months, humidified air provides a more comfortable environment at a lower temperature setting – so you can turn down your thermostat and save money on energy costs

SmartComfort™ 5400 SX

14 SEER AIR CONDITIONER

Energy saving 14 SEER can help you save on summer cooling costs

- Environmentally sound R410A refrigerant
- Two-speed outdoor fan motor reduces noise by running at low speed for ultra-quiet operation

- 10-year limited warranty* on scroll compressor and 5-year limited warranty* on all other parts

Silver

SmartComfort™ DLX 90

SINGLE-STAGE GAS FURNACE

92.1% AFUE efficiency

- Stainless steel heat exchangers with special construction process that is more energy efficient and adds longer life to the units
- Thermal lining, insulation, and a solid door design drastically reduce sound levels
- Adjustable timed blower-off delay lets installer "customize" the warmth
- Lifetime limited warranty* on heat exchanger and 5-year limited warranty* on all other parts

Performance Series

13 SEER AIR CONDITIONER

Energy saving 13 SEER

- Built for quiet, durable and reliable operation
- Environmentally sound R410A refrigerant
- 5-year limited warranty*

Air Quality Management

MEDIA AIR CLEANER

- Traps a significant amount of the airborne particles such as pollen and dust that pass through the system
- Much more efficient than a standard 1" furnace filter
- Easy access to change the filter

FAN POWERED HUMIDIFIER

- Adds moisture to dry, indoor air

Take the comfort quiz...

YES NO

- ☐ ☐ Are all rooms in your home comfortable?
- ☐ ☐ Are you concerned about managing your monthly energy bills?
- ☐ ☐ Does anyone have allergies, or are you concerned about the quality of the air in your home?
- ☐ ☐ Do cooking, smoke and other odors seem to linger?
- ☐ ☐ Have you noticed condensation on windows or mold on closet walls?
- ☐ ☐ Do you get "zapped" by static shocks in the cold winter months?
- ☐ ☐ Do you notice that the temperature in your house gets chilly or warm before the furnace or air conditioner turns on?
- ☐ ☐ Do you entertain often?
- ☐ ☐ Do you expect to live in this house for more than a few years?

With an ideal Home Comfort System...

- The temperature feels "just right" all of the time in every room in the house
- The indoor air is fresh and particles such as dust and pollen are filtered out of the air
- The air is never too dry or too humid
- Energy costs are managed
- The equipment is sized properly and operating reliably
- You have protection for your investment with a preventative maintenance agreement
