Marcia started her canine career at the age of 8, by taking her Mother's Great Danes to Obedience classes at the local training school. As Marcia became proficient she often assisted the trainer, this lead to her doing a 4 year apprenticeship then her taking her Certification Exam as a Professional Dog Training Instructor, and Marcia has been teaching both Students and other Trainers for the last 25 years.

As Dog Training was not considered a proper career at that time, Marcia proceeded with her formal education and therefore her work as a Dog Training Instructor & Canine Behaviourist has been on a part-time basis, working evenings and weekends. Marcia is now able to dedicate herself full-time to her passion of working with dogs and people.

Marcia was a very well known and respected trainer in Buckinghamshire, England, teaching not only students but other trainers. She spoke at many lectures, and attended many as well always looking to increase her knowledge and skills. Which includes gaining, a diploma in Canine Behaviour, from The Royal Veterinary College of London, England.

Since coming to Canada in 1991, Marcia has established herself here as a well respected Trainer & Behaviourist. Marcia also continues to educate herself on training techniques' and also speaks at various canine related seminars.

Marcia has owned a variety of breeds over the past years and of course is very knowledgeable on all breeds. Her passion now lies with the Dogue De Bordeaux (French Mastiff), leading her to become a Breeder & Exhibitor of them.

Marcia's Dogue De Bordeaux Kennel name is Regal Rouge Bordeaux and if you would like to know more about this magnificent breed then please feel free to check out her kennel web site at <http://regalrougebordeaux.tripod.com> or give her call.
