

Commercial Truck Products

YOUR SELECTED TRUCK:

HERD ROAD TRAIN

Inspired by the Road Trains of the Australian outback, the HERD Road Train provides maximum protection and confidence no matter where you drive. The baluster reinforced lower rake combined with our strongest 18" bumper channel will give you confidence wherever you drive. See the HERD Super Road Train for the extreme 4" tube version.

Also available for set-back axle trucks.

Chosen Options

Custom Lights

No Signal Lights

Typical Buyer

Owner operator who needs extra protection from occasional OR frequent animal collisions.

Benefits

Aggressive styling, and no compromise collision protection.
