

Total Investigation Services Limited has been in business for over 30 years and has provided investigation services for companies throughout Canada and North America.

Bill Simpson, President, founded the company and has been instrumental in its growth from the beginning. Total Investigations Services has completed major investigations not only locally but worldwide and has earned Bill an excellent reputation in his field. He is a respected specialist in the labour dispute market helping companies operate during sensitive negotiations, strikes and lockouts.

After managing the Canadian operation of a large US based international company, Bill returns to his roots at Total Investigation Services. His daughter, Christine, remains as Special Investigator and Jason Simpson now moves to Director of Operations after many years in the investigation business. The team looks forward to serving their longstanding clients and welcoming new ones.
