How To Request Roadside Assistance On-Demand From Sparky Express

There are two ways you can request our roadside assistance services:

1. By phone: call (647)-819-0490 and give us your location, briefly explain the car situation and we will provide you with an accurate ETA, so you know exactly how long will it take us to get to you.
2. Online: You can select the [roadside assistance service](#) you need from our top menu, and simply submit your request online. This process generates a work order, you do not have to pay anything online, any payment is due only after the work was completed, directly to your technician in person. There is no need to input any credit card information when you request any of our roadside assistance services online! Once the work order was received by us, we will also call you to confirm the exact arrival time of our technician onsite.
