*Nature in Clay*

## Our Beginnings

Born in Cornwall, Ontario, Susan has lived in Outlook, Saskatchewan since 1983. Susan moved to Saskatchewan to provide a rural upbringing for her children. The isolation from her roots and her new baby soon resulted in "cabin fever." Her husband suggested that she take a local pottery class and she has never looked back. Soon, making pots evolved into a full-time business, making and selling her functional and decorative pottery to select stores across Canada and the United States.

Susan believes that you should live with art you love and she designs her pottery to be truly useful and beautiful.

## Proudly Canadian Handmade

Our pottery is designed by internationally recognized ceramic artist Susan Robertson and is handmade by a small, skilled team in the prairie community of Outlook, Saskatchewan. Made from stoneware clay, our tableware is hand-painted with colorful underglazes and/or stains and finished with a clear glaze. It is food, microwave, oven and dishwasher safe. Our bronze home decor line is simply finished with a rich, metallic glaze. Each pot is stamped with "Made in Canada" and the Susan Robertson pottery signature.

Over the years, the number of items and patterns that we produce has grown into the hundreds. In order to provide you with the best service possible, we have decided to concentrate on stocking your favorite items. This catalog features our best selling items, in our most popular patterns. Don't worry; all of our other items are still available on a special order basis. And yes, we still do custom work! Just Email us or give us a call.
